# MOLD AHOY

Removes Stains From:

Mold, Mildew,  
Algae, Lichens  
& Air Pollution

## Mold Ahoy Mold and Mildew Remover

Ahoy there, boat enthusiasts and outdoor adventurers! Get ready to set sail with confidence as we introduce Mold Ahoy - your ultimate solution for tackling stubborn mold and mildew in the challenging marine environment. **Mold Ahoy** is your trusty first mate, ready to combat mold and mildew on all watercraft and boat surfaces, making it an absolute must-have onboard every vessel. Why settle for anything less than exceptional?

### Instructions for Use:

1. Before use, test **Mold Ahoy** on a small, inconspicuous area to ensure compatibility and effectiveness.
2. Apply **Mold Ahoy** using a soft brush, roller, or sprayer, depending on your preference.
3. Allow product to dwell for 10 to 15 minutes on the affected area.
4. Apply more **Mold Ahoy** and use a soft bristle brush to gently agitate the area.
5. After cleaning, thoroughly rinse the treated surface with water to remove any residue.

### Repeat Steps 2 through 5 if Necessary

**Residual and Alternate Application:** Spray **Mold Ahoy** on the surface and leave it wet. This residual application will continue working for up to a month, removing stains and making cleaning easier.

**Recommended Temperature:** For best results, use **Mold Ahoy** in temperatures of 45°F and above.

With no bleach or peroxides, **Mold Ahoy** is safe to use, ensuring that every surface is left sparkling clean and damage-free. But **Mold Ahoy** isn't limited to just boats and watercraft. This marvel works wonders on a wide range of materials, from canvas and screens to siding, wood decks, painted surfaces, composites, awnings, aluminum, driveways, recreational vehicles, and more! It's like having a versatile cleaning superhero on your side. Concrete, masonry, fabric, stone, rubber, vinyl, teak - you name it, **Mold Ahoy** can handle it! Even those hard-to-reach areas like boat bilges, carpeting, canvas, fiberglass, and sails won't stand a chance against **Mold Ahoy's** powerful cleaning power.

### Specifications:

Appearance.....Clear liquid  
Odor.....Characteristic odor  
Specific Gravity.....8.51  
pH.....9.5  
Boiling Point.....212°F  
Flash Point.....212°F  
Solubility in Water..... Complete
